Transcript Manager

The Transcript Manager allows public high school students in North Carolina to electronically request their official high school transcript and submit it with their application when applying online through CFNC.org.

The Transcript Manager also lets students track their submitted transcripts. They can view the date their transcript was sent, the confirmation number of their transcript request, and the status of their transcript. Through the Transcript Manager, students can also verify that their transcript has been received by a particular college or university.

In order to send electronic transcripts, you must:

- Be currently enrolled at a [participating public high school](#) in North Carolina (one that has converted from the SIMS system to NCWISE to manage student data). If you are not sure about your school, check with your school counselor or office staff.
- Make sure you have entered the following information in your [Student Planner](#):
 - First and Last Name - This must match your NCWISE name (use the name that appears on your report card, or check with your high school counselor).
 - NCWISE Student ID - This can also be found on your report card.
 - Current High School
 - Date of Birth
 - E-mail Address
 - Gender

If these conditions are met, you are ready to proceed to the Transcript Manager.
