# PAWS IN JOBLAND

Grades 3 - 5

## Lesson Plan 38 - Job Stars

**Individual activity:** 1 hour.

### Learning objective:

- To encourage students to understand how jobs fit in with people's lives, even fictional ones

**Curriculum links:** English.

### Resources needed/preparation:

- Photocopies of Worksheet 38
- TV magazines
- Newspapers
- Library resources

**Background:** Most children know fictional characters from stories, television series or movies who have jobs that are part of their story. By choosing a particular character they know or like, children can be encouraged to explore the work he or she does, and think more about the role of work in general.

### Introduction/guidelines for students:

- Ask students who their favorite fictional characters are.
- You could encourage them to think about books they have read, their favorite television series, or films. Do the characters have jobs of some sort ?
- Make sure each student has thought of someone, then hand out the worksheet.
- Students could use Paws in Jobland if they have chosen characters who have jobs similar to those highlighted in the program.

### Ideas for further development:

- Students could talk about their character's job in front of the class. The rest of the class could try and guess who it is.

### Ideas for making the activity easier:

- Looking through magazines, newspapers and books in the library could encourage those who are having difficulty making a choice.

### Display ideas:

Displays of the pictures and job descriptions produced by the students, plus cuttings from magazines, etc.
