If your students apply to one or more of these schools:

The application process will work differently. Below is what they'll need to know for their application process to go smoothly.

- You can still access information about these institutions on CFNC.org in the **PLAN** section.
- You can still reach these institutions' applications on CFNC.org in the **APPLY** section.
- **HOWEVER**, you will be linked away from CFNC.org to the institution's application, either on that institution's website or a third-party application website used by the institution.

What does this mean?

- **You'll have to complete all information in the application manually** Information from your CFNC.org user account will not auto-populate the way it does on the CFNC.org application.
- **You'll have to send your electronic high school transcript separately.** Go to APPLICATION HUB to request that your electronic transcript be transmitted to the institution. It won't be sent automatically, the way it is with CFNC.org applications. See the ELECTRONIC TRANSCRIPT FAQ for more help.
- **You'll have to contact the institution directly if you have problems.** Use the contact information provided on the application introduction page. The CFNC call center and the NC Countdown to College Coordinator cannot assist with these applications.
